TWO DAYS BATTLE.

A Heavy Engagement Raged Outside of New Chwang on Saturday and Sunday.

FIGHTING SEEN FROM ROOFTOPS.

Japanese Were Successful and the Russian Loss on the First Day is Estimated at 700.

Chinese Refugees Report That Nine Japanese Gunboats From Port Arthur Have Arrived at Tah Ting Shan.

Tien-Tsin, July 25.—News has reached here that a battle is raging outside of New-Chwang. The fighting can be seen from the rooftops. In the engagement of Saturday the Russian losses are reported to have been 700. The Japanese are slowly nearing New-Chwang. Great excitement prevailed in that city during Sunday's and Saturday's fights.

A report from New-Chwang states that Saturday's battle was at Ta Hsui Tong, six miles distant, and that the Japanese were successful. Many Chinese refugees arriving at New-Chwang have reported that nine Japanese gunboats from Port Arthur have arrived at Tah Ting Shan.

New-Chwang, July 25.—A battle was fought Saturday near Ta Tache Wiao, attended, it is believed, with heavy losses. The progress of the battle was watched by many people in New-Chwang from the roofs of houses. The day was clear and the smoke of the guns could be plainly seen.

Tokio, July 25.—The Russian Vladivostok squadron has sunk the merchantman which it captured off the coast of Izu province Sunday. The name of this ship and her nationality is not known and nothing has been learned of the fate of her crew. Witnesses ashore saw the merchantman following the fleet. Then they saw her fired upon, after which she disappeared.

The Russian warships were last reported at 11 o'clock Sunday morning to the southwest of Cape Iro, Izu province, steering to the west.

Cape Iro is about 65 miles southwest of Yokohama, and 50 miles from the entrance to the bay upon which Yokohama and Tokio are located.

St. Petersburg, July 25.—Orders have been sent to the volunteer fleet steamers St. Petersburg and Smolensk to refrain from interference with foreign shipping. It is expected these steamers will eventually join the Baltic fleet and will be replaced by ordinary warships.

Tien-Tsin, July 25.—In accordance with orders issued by Gen. Kuropatkin, the Russians commenced to evacuate New-Chwang Sunday. Monday morning the Russian railway station was in flames. The Russians are evidently destroying their property previous to evacuation.

ANOTHER STEAMER SEIZED.

British Vessel Captured by the Russian Volunteer Fleet.

Port Said, July 25.—Advices received here say that the Russian volunteer fleet steamer Smolensk fired three blank shots across the bows of the British steamer Ardova, the cargo of which consists of coal and explosives, and the vessel not stopping, the Smolensk sent two loaded shots at her, one of them passing over her amidships and the other over her stern. The Ardova was then seized and her crew transferred to the Smolensk. The vessel will be brought to Suez.

The Ardova, Capt. Smith, sailed from New York, June 15, for Manila. She arrived at Port Said July 11.

Washington, July 25.—Any action which may be taken regarding the seizure of the British ship Ardova by the Russian volunteer fleet steamer Smolensk is a matter for the British government. It is not a matter which in the least concerns the United States. This is the view taken in official circles here. However, the decision of the Russian government to withdraw the authority given to the volunteer fleet to make searches and seizures simplified the situation very materially. Presumably in view of this new attitude of the Russian government the Ardova will be released promptly, the seizure disavowed and the incident will be closed without delay.

A BRITISH STEAMER.

Vladivostok Squadron Sunk the Knight Commander.

Yokohama, July 25.—The Vladivostok squadron Sunday sunk the British steamer Knight Commander, from New York, off the Province of Izu, after

transferring the crew of the Knight Commander to the steamer Tsinan, which arrived here Monday morning. The Vladivostok squadron also captured a German vessel believed to be the Arabia with 30,000 tons of flour and an unknown British steamer. The two vessels were sent to Vladivostok in charge of prize crews. The American Trading Co. are the agents here for the Knight Commander.

FELL FROM HIS HORSE.

President Alights on His Back and is Slightly Injured.

Oyster Bay, N. Y., July 25.—It was learned Sunday that President Roosevelt met with a painful accident here last Wednesday by being thrown from his horse and he himself as well as his friends realize that the injuries he received could have been more serious, if not fatal.

President Roosevelt is congratulating himself that he was fortunate in escaping with only a slight blow on the back of his head.

The President and Mrs. Roosevelt were out riding when the horse he was astride stumbled over a stone and the animal fell to its knees. The affair came so suddenly that Mr. Roosevelt was thrown with full force over the horse's head, alighting in the road on the back of his head.

TRAIN LEFT THE RAILS.

Five Hundred Passengers Had a Miraculous Escape.

Wheeling, W. Va., July 25.—Five hundred passengers, most of them from Grafton and Fairmont, had an almost miraculous escape from death or serious injuries on the Baltimore & Ohio excursion train bound for Wheeling Sunday. At Wise's Crossing, near Littleton, the engine and tender and three coaches left the rails. The engine turned over on its side and the coaches toppled on the edge of an embankment but did not go over. Engineer W. H. Johnson was caught under his cab and was badly scalded by escaping steam, but will recover. Mail Clerk C. B. Collins was severely bruised and otherwise injured and was taken back to Grafton. Many of the passengers were badly shaken up but none seriously hurt.

THREATEN TO STRIKE.

The Employees of the Drifton Colliery Have a Grievance.

Hazleton, Pa., July 25.—The employees of Drifton colliery, of Cox Bros. & Co., met at Freeland Sunday and adopted resolutions to strike at the call of the district executive officers of the United Mine Workers in case no definite action is taken by the conciliation board at Tuesday's meeting at Wilkesbarre, for the early adjustment of the grievances involving the discharge of eight of their number. These men were laid off for refusing to comply with what they claim is a new and unjust rule of the company requiring them to unload rock of certain sizes on the surface after loading it in the mines.

COLORADO POSTMASTERS.

They Are Charged With Assisting in Deporting Striking Miners.

Denver, Col., July 25.—Secretary Haywood of the Western Federation of Miners has forwarded a telegram to President Roosevelt stating that Postmaster F. M. Reardon, of Victor, is one of the members of the committee which he says is responsible for deporting miners from the Cripple Creek district, and asking that steps be taken to prevent officeholders from taking part in such demonstrations.

Complaints have also been made to the president against Postmaster Sullivan, of Cripple Creek, alleging that they have permitted mail sent to union sympathizers to be opened and mutilated.

A RUNAWAY TRACTION CAR.

One Man Was Killed and Seven Others Injured at Oil City, Pa.

Oil City, Pa., July 25.—One man was killed and seven other persons were injured by jumping from a runaway traction car on Spring street Sunday night. The car had 125 passengers aboard returning from camp meeting. When the car struck the grade it got beyond control and those injured jumped. The car left the rails and ran over the brick pavement 40 yards and stopped. James Ross left the car backwards and the entire back portion of his head was mashed in and splinters of the bone were driven into the brain tissues.

Tunnel Workers Strike.

New York, July 25.—The first strike in the Pennsylvania tunnel has been ordered here at 32d street and 12th avenue for union wages and an eight hour work day. Members of the Safety Engineers' union began the strike.

FIGHT TO A FINISH.

All Allied Unions at the Stock Yards Excepting Teamsters Join Striking Butchers.

NO CONFERENCES HELD SUNDAY.

Teamsters on Monday Will Make Another Effort to Bring About an Adjustment of the Trouble.

Four Train Loads of New Employees Were Taken to the Chicago Stock Yards Sunday Before Darkness Had Set In.

Chicago, July 25.—Determined on a fight to a finish to enforce the demands of the striking butchers, a sympathetic strike of all the union workmen employed in the meat packing industries throughout the country with the exception of the teamsters was declared Monday morning at 7 o'clock.

Instead of joining in the sympathetic strike the teamsters will make another effort to bring about an adjustment of the controversy by arbitration. This decision was reached late Sunday night at a meeting of the joint council of teamsters unions throughout Chicago, who met to consider the endorsement of a decision reached Sunday afternoon by the packing house teamsters' union to quit work with the other allied unions. The decision of the stock yards teamsters was almost unanimous in favor of striking, but as it is necessary according to the rules of the teamsters' union for the joint council to sanction any strike movement, all the union teamsters in the employ of the packers will remain at work during the struggle or until the joint council gives their permission to a strike should their efforts to settle the matter by conciliation Monday prove futile.

The committee appointed at Sunday night's meeting were notified to get into communication Monday morning as early as possible with the packers. Whether the teamsters' efforts for peace will prove successful none of the packers' representatives who were communicated with Sunday night would say. The decision to make another effort for peace was reached at such a late hour Sunday night that it was impossible for the packers to get together to decide on what answer would be given to the intermediary committee Monday. The reason given by the teamsters' council for their action is that they have never before been consulted in the present trouble and that therefore before they would sanction a strike of the stock yard teamsters they wished to make an official investigation of the trouble before asking the international officers of the union to officially order the men on strike.

No conferences were held Sunday either by the packers or the labor leaders, or jointly, in an effort to reach an adjustment of the controversy. Both sides rested Sunday, apparently waiting for Monday's developments. Whether or not the packers would make any concessions to the demands of the labor leaders in order to prevent a general walkout of the trades at the stock yards, would not be discussed by any of the packing house representatives Sunday, but from the preparations going on at the different plants during the day it was plainly evident that the packers intended to fight for their independence. All labor leaders declared that they would await Monday's developments before considering further negotiations and that the packers would have to make the request for a resumption of peace negotiations, as the unions had no intention at the present time of doing so.

Preparations for the struggle which was expected to reach a climax Monday morning were being made at the different packing plants all during the day and far into the night. Dozens of representatives of the packing houses were scattered all over the country in search of men to fill the places of the strikers. Four train loads of new employees were taken to the yards before darkness set in to join the non-union men already established inside the plants.

Stockades have been erected at all the different plants to protect men whose work exposes them to danger from mob violence. All through the stock yards there were not only evidences of preparations for a long and bitter struggle, but superintendents of the packing establishments, police officers and union leaders gave expression to anticipation of troublesome times to come. Chief of Police O'Neill, who spent the day making plans for Monday, said:

"No one knows what will happen. The opportunity is here for one of the greatest labor contests in the country and apparently there is no hope for averting it. The police will be

able to handle the situation, however, without outside assistance, no matter what happens."

FORCED TO FLEE.

With a Brick Society Girl Resented the Insults of a Stranger.

Lexington, Ky., July 25.—With the aid of a brickbat and a strong arm Miss Alice Golden, a society belle of this city, resented the advances of a strange man in a manner calculated to leave a lasting impression upon the intruder.

As she was nearing her home Sunday night, being without an escort, she was accosted by the stranger. She warned him not to approach. Passing a pile of bricks she took up one in her hand just at the time the stranger advanced and placed his hand upon her arm. She struck him full in the face with the brick, which felled him to the ground. As he rose he advanced toward her with clenched fist, when she flung another brick at him, striking him on the head.

The stranger then showed a swift pair of heels, but as the excitement of the incident began to pass away Miss Golden came near fainting and was assisted into the house.

AT ELMENDORF.

J. B. Haggin and Wife Arrived on a Special Train.

Lexington, Ky., July 25.—J. B. Haggin arrived at Elmendorf on a special train Sunday night. He was accompanied by his wife, who has just returned from Europe. Foreign visitors had been expected to come with them, but they did not arrive. Haggin and his wife will remain here about three weeks. He arrived in Cincinnati from New York too late Sunday morning to make connection and chartered a special train to bring him to Elmendorf. The train stopped near his gate and he was met with a carriage.

KILLING AT INDEPENDENCE.

John L. Vest Shot T. J. Riley in the Main Street.

Independence, Ky., July 25.—Sunday John L. Vest shot and killed T. J. Riley in the main street of the town. Vest was manager of the telephone exchange and recently discharged Riley's wife. Riley until recently was town marshal. Vest was walking with Town Marshal Damon when they met Riley, who opened the quarrel, abusing Vest for discharging his wife. Damon says Riley was drawing his revolver when shot by Vest, who was at once arrested. Riley leaves a widow and four children.

A New Industry.

Newport, Ky., July 25.—Work will be begun September 1 on the large cement plant to be constructed near Mentor, Ky. The company has made a test of the shale to be found in that locality and a superior grade of cement resulted. Eastern capital is back of the project and it is said that one of the largest plants in the country will be erected.

Big Snakes Ruining Cows.

Cold Springs, Ky., July 25.—Farmers at Ebenezer, Ky., a small village 10 miles from Harrodsburg, are very much excited over their inability to keep milk cows. For several months numerous reports have come from the farmers that the bags of their fine cows have been ruined by big snakes sucking the animals.

Autopsy on Judge Muir's Remains.

Louisville, Ky., July 25.—An autopsy on the body of Judge Upton Muir, who came to his death Wednesday in the surf at Atlantic City, revealed the fact that his neck was dislocated and his nose broken. The autopsy was held at the instance of several insurance companies.

Attended Presbyterian Church.

Bedford Springs, Pa., July 25.—Things politically at Bedford Springs Sunday were very quiet. Senator Davis, his daughter, Mrs. Lee, his grandchildren and his private secretary attended the Presbyterian church Sunday morning.

Roosevelt to Be Notified.

Oyster Bay, N. Y., July 25.—The arrangements have been made for the notification of Theodore Roosevelt of his nomination for the presidency by the republican party. The ceremony will take place on Wednesday, July 27.

Dynamited a Street Car.

Houston, Tex., July 25.—As the result of an explosion of dynamite under a street car Saturday at midnight five persons were hurt, one seriously. A. T. Smith complains that his head was hurt and that he has internal injuries.

Col. L. F. Copeland Seriously Ill.

Bloomington, Ill., July 25.—Col. L. F. Copeland, of Harrisburg, Pa., a widely known lecturer, who was engaged as one of the speakers at the Chautauqua which has just opened here has been taken seriously ill.

THE ABDUCTED GIRL.

Inez Record, Found by Searchers Tuesday in an Unconscious Condition, Revives.

SHE TELLS OF HER ADVENTURES.

Seized, Bound and Gagged by Two Men For the Purpose of Taking Her to St. Louis.

On Refusal to Go a Knife Was Drawn Across Her Throat and She Was Lowered Into Water Waist Deep Several Times.

Indianapolis, Ind., July 25.—Inez Record, the 18-year-old girl who was found in an unconscious condition by a searching party at the side of a country road last Tuesday night, revived sufficiently Sunday to give her father a detailed account of her adventure.

Her story repeated Sunday supplements the statements made on last Thursday to her sweetheart, when she temporarily revived from a long period of unconsciousness. Immediately after making the statement she suffered a relapse and since then, until Sunday, no one has been allowed to question her.

She reiterates her first story that a white man accompanied by a Negro entered the house while she was writing a letter. Seizing her they bound and gagged and placed her in a buggy where she says she fainted. When she revived she was being carried into the woods.

There the men told her that she must go to St. Louis with them and if she refused she would be killed. While telling her of their purpose, the white man, who did the talking, held a revolver at her temple. Miss Record says she told the men they could kill her, but she would not go.

She was then carried to the buggy and driven by a circuitous route, she thinks, until within a short distance of where she was found. Again she was taken into the woods, where the white man renewed his threats to take her to St. Louis. Finally, the girl says, he offered her \$1,000 if she would go. When she refused a knife was drawn across her throat, with the threat that it would cut deeper if she did not consent to go. On hearing her refusal she was carried for some distance and lowered into water, waist deep, several times. After this she says she remembers nothing.

She describes the white man as large and powerful, and wearing a slouch hat. Her recollection of the appearance of the Negro is vague.

AVENGED HIS SISTER'S WRONG.

Burt Kirkpatrick Shot and Killed By T. F. Hendricks.

Dallas, Tex., July 25.—Burt Kirkpatrick, 26 years of age, was killed in the Ruby saloon, Ross avenue and Griffin streets, Sunday night by T. F. Hendricks, also about 26 years old. Hendricks says he killed Kirkpatrick to avenge a wrong done his sister, who he says is now in a sanitarium in Fort Worth. He says he gave Kirkpatrick a choice between death or marrying his sister, and he refused to marry.

Wounded Five With One Shot.

St. Joseph, Mo., July 25.—Abc Kruse, a Negro strike breaker, was assaulted by pickets near the packing plant of Swift & Co. Sunday and fired into a crowd of his assailants, wounding five. Kruse was arrested. He fired but one shot. The weapon was a magazine shotgun loaded with buckshot.

Peculiar Sartorial Ideas.

Butler, N. Y., July 25.—The good people here are being startled by the peculiar sartorial ideas of Joseph Solomonson, former Belgian consul to the island of Java. He appears on the streets day and night with no covering but a nightshirt of coarse duck.

Three Miners Drowned.

Butte, Mont., July 25.—At the Belmont mine Sunday three miners were drowned by the breaking of a bulkhead which held back the water of the Cumbrus mine. The shaft is full of water and the bodies may not be recovered for several days.

Death of An Aged Woman.

Philadelphia, July 25.—Mrs. Mary Nixon, of Bryn Mawr, a suburb of this city, who last Christmas celebrated her 103d birthday, died Sunday. She had been a widow 32 years. Mrs. Nixon was born in this city and was one of 21 children.

Mexico City, July 25.—There are today but eight cases of yellow fever in this country, confined to Vera Cruz and Merida. The superior board of health believes it will stamp out the yellow fever in this country.

"If you pay \$45 for a sewing machine and know that the same article can be and is shipped to Europe and sold for \$25, how much do you admire a tariff system under which such a robbery is perpetrated?" inquires an exchange. Under the present Republican tariff, it is claimed the people of this country are compelled to pay a great deal more for many articles than the same class of articles are sold for in other countries. And the Republicans are not in any hurry to revise the tariff.

HARPER'S WEEKLY ARRAIGNS REPUBLICANS FOR THEIR FALSEHOODS.

Harper's Weekly, which has long ranked among the leading periodicals of the United States, is throwing its harpoon good and strong into the Republican party in the present campaign. In a recent issue it lays bare some of the many falsehoods promulgated by the party in its national platform adopted at Chicago, but which, according to general belief, was gotten up by President Roosevelt himself. The article in question makes highly interesting reading and we reproduce it in full:

"On the principal of claiming everything the Chicago platform proceeds to monopolize all the honor earned by the liberation of Cuba. 'We refuse,' it says, 'to palter longer with the miseries of Cuba.'"

The Republican Congress and Executive did "palter with the miseries of Cuba," for it is well known President McKinley hesitated a long time before considering the question of intervention. Every Democratic paper urged the Congress and executive to take action in the behalf of the oppressed Cubans. From the 4th of March, 1897, to March 15th, when the battleship Maine was blown up in the harbor of Havana, there was no purpose shown so far as the public knew, of intervention. President McKinley had ordered the Maine to the Havana harbor on a friendly visit.

Even after the dreadful disaster, Senator Hanna, who spoke for the executive, said: "There will be no war."

On the night of April 18, 1898, Congress was forced to declare war against Spain. Not a Democratic vote was cast against the declaration nor was a Democratic voice raised against it. The Republican Speaker of the House attempted, by all his power and the employment of parliamentary tactics of which he was master, to obstruct the passage of the joint resolution. In the Senate the spokesman for the President sought to defeat it by dilatory motions. In the face of this record the Republicans had the impudence to claim to be the exclusive friends of Cuba.

This attempt to deceive the people, when the record convicts the Republican platform builders with a bald deception, is in line with all the other false claims of the party.

In this connection it will be remembered that it was the Democrats in Congress who forced the Republicans to pass a resolution disavowing intent to annex Cuba to the United States or to extend our jurisdiction permanently over the island. The Republican platform builders must have supposed that the people have forgotten the events of the stirring times of the spring and summer of 1898.

The platform proceeds to declare that business adversity has always followed a Democratic tariff and business prosperity has always followed a Republican tariff. Every youth who is familiar with the common school history knows this is false. The panic of 1873, the most disastrous ever known in the country, followed a period of high tariff. For four years there was unprecedented depression in every line of industry and commerce. On the other hand, under the low tariff of 1846 there was unexampled prosperity. In that year our exports were in value \$92,700,000; in 1856 they had risen to \$278,200,000. In 1845 there were 817,500 spindles in operation in Massachusetts; in 1856, 1,688,500. During the twenty years from 1840 to 1860 the number of spindles in the United States had risen from 2,112,000 to 5,236,000, the largest increase being from 1845 to 1857.

Mr. Swank, Secretary of the Iron and Steel Association, in his report, gives the production of iron rails in 1849 at 24,000 tons, in 1856 at 180,000.

In 1844 the total number of tons of anthracite iron in the United States was 65,000 gross tons; in 1856 it was 394,000 tons. In 1840 the value of the woolen manufactures was \$20,000,000; in 1860, \$32,000,000. In the former year the number of hands employed in woolen mills was 21,342; in the latter year 41,360. These figures, taken from official reports to public bodies, some of them from Republican sources, do not bear out the claim that a Democratic tariff is followed by business adversity.

DRANK CARBOLIC ACID.

Lula Lytle Makes Attempt to End Her Life Saturday at Noon But May Recover.

While in a despondent mood Saturday at noon Lula Lytle made an attempt to commit suicide at her home between Fifth and Sixth streets by drinking a lot of carbolie acid. It is not known how much of the poison she took, but an empty ounce bottle was found in the room and she probably took the contents of it. Before drinking it she diluted it with some water.

Chief of Police Donovan was notified by some one about the house, and he at once summoned City Physician Yezell, who by the prompt use of stomach pump and antidotes probably saved the woman's life.

The woman carried a small policy of insurance in the Western and Southern. It was found on a table with a note on the back of the policy requesting a friend to have her buried.

'SQUIRE M. D. FARROW.

An Old and Well-Known Citizen of the County Passed Away Last Night. Funeral Tuesday.

'Squire M. D. Farrow, one of the county's old and highly respected citizens, died last night at 9 o'clock at the home of his daughter, Mrs. E. H. Bryant, on the Fleming pike. He had been in feeble health a year or so and had been rapidly failing the last few months.

'Squire Farrow was born near Farrow's Mill in Fleming County, and was in the seventy-third year of his age. He leaves two children,—Mrs. Bryant with whom he made his home, and J. W. Farrow of Iatan, Mo. He also leaves two brothers and two sisters. He spent the greater part of his life in this county and served his district for several years as a member of the Mason Fiscal Court.

The funeral will take place at 9 a. m. Tuesday at the residence of Mr. Bryant. Interment in the Farrow burial ground.

Mr. James Rankins of the Mt. Olivet 'bus had the misfortune to break one of his arms at the wrist while riding a pony Sunday.

THE TOBACCO MARKET.

Trade Continues Very Dull on the Breaks at Cincinnati and Louisville.

CINCINNATI, July 23rd.—The breaks were very dull this week, only one house selling on Thursday, and only twenty-seven hds. being offered there. The Elks' parade on Wednesday caused the postponement of the sales on that day. The offerings were the smallest the market has known for some time and are almost nothing compared with the 1,128 hds. offered during this week last year.

The 27 hds. offered averaged \$14.85 per 100 lbs., as against \$9.90 for 67 hds. last week, and \$9.29 for 1,128 hds. the corresponding week last year.

LOUISVILLE, July 23rd.—During the past week there was offered nineteen hogheads of burley and seventeen of dark tobacco of the old crop; 121 of burley and 1,565 of the 1903 crop, making a total of 140 hogheads of burley and 1,583 of dark tobacco. Sales from January 1 to date are 2,690 hogheads of burley and 8,701 of dark of the old crop; 34,841 hogheads of burley and 27,765 of dark of the 1903 crop, making a total of 37,531 hogheads of burley and 36,436 of dark tobacco. Sales to present date this year are compared with those of previous years as follows: There were 53,991 hogheads of burley in 1903, 82,551 in 1902, and 89,254 in 1901. There were 21,468 hogheads of dark tobacco in 1903, 27,595 in 1902, and 24,647 in 1901. Making a total of 37,531 hogheads in 1904, 75,459 in 1903, 111,146 in 1902, and 113,901 in 1901.

A SHAFT BROKE.

Causing a Runaway Saturday, and Occupants of Vehicle Had Narrow Escape From Fatal Injury.

Miss Grace Anderson and sister, Mrs. Davidson of Philadelphia, and the latter's two-year-old daughter were seriously injured in a runaway accident Saturday afternoon, and their escape from being fatally hurt was a narrow one.

They started to drive to Mr. and Mrs. A. M. Casey's and when near Mr. John Worthington's home a shaft of their runabout broke or came loose, causing the horse to run off. The vehicle was overturned, throwing the occupants out.

Mrs. Davidson and Miss Anderson received a number of painful injuries and suffered a severe shock from the accident. The little daughter of Mrs. Davidson was the most unfortunate of the three, as she received a deep cut on the head and was unconscious for some time. It was feared at first she was fatally hurt, but she rallied later, and it is thought will soon be all right. The many friends of the family will be glad to know that all the injured were greatly improved this morning.

After the vehicle was overturned the frightened horse, with the shafts hanging to him, ran to Washington before it was stopped.

Painless extraction of teeth at Dr. Cartmell's.

Mr. Con Fulton of Washington harvested 1005 bushels and forty pounds of wheat from thirty-six acres.

Mr. Charles T. Marshall of Marshall Station threshed 917 sacks of wheat from sixty acres last week. Of this 652 sacks were threshed from forty acres. His crop lacked but little of yielding forty bushels to the acre.

Master Charles McClanahan will have charge of the EVENING BULLETIN at Ruggles' Camp Grounds, during the meeting. Regular subscribers and persons desiring copies of the paper can secure them from him. You can rest assured that Charles will deliver your paper promptly.

The Chesapeake and Ohio Railway Company of Kentucky has leased to the Chesapeake and Ohio Railroad all its possessions in Kentucky, as was agreed upon at a meeting held in Lexington about a week ago. All contracts will now be made through the C. and O. proper, as it will be more convenient and mean economy.

State Pure Food Chemist Labaoh Saturday announced the result of an analysis of communion wine submitted to him by one of the most aristocratic churches in Lexington. He extracted enough coal tar from the wine to dye a square yard of wool a deep scarlet and will place this on exhibition in St. Louis. He also found salicylic acid, alcohol and, in fact, nearly everything except grape product.

ECONOMICAL

Paris Green!

Our kind of Paris Green would be economical at double the ordinary price because it is about double the ordinary strength and kills every tobacco worm that touches it. However

It Costs the Same

as any old common kind. We pay enough to get the best Paris Green and have handled this same brand for years so that we know just what it does. There isn't as much profit for the druggist in our kind as there is in the ordinary grade but there's a lot more profit in it for the tobacco grower. Better use our Paris Green this year.

What's the Matter With the Moon Tonight

SUPPOSE A SUMMER IDYL—IN A HAMMOCK SWINGING IN THE MOONLIGHT.

Suppose, my dear, that you were I,
And by your side your sweetheart sat;
Suppose you noticed by and by
The distance 'twixt you were too great;
Now tell me, dear, what would you do?
I know—and so do you.

And when (so comfortably placed)
Suppose you only grew aware
That that dear, dainty little waist
O' hers looked very lonely there;
Pray tell me sooth—what would you do?
I know—and so do you.

When, having done what I just did,
With not a frown to check or chill,
Suppose her red lips seemed to bid
Deliance to your lordly will;
Oh, tell me, sweet, what would you do?
I know—and so do you.

SUPPOSE YOU RESOLVE TO GET CLOSE TO THE GRAND-EST LINE OF

HAMMOCKS!

In this town. We have the swellest assortment to be seen anywhere—for lunar courting or mid-day siestas. Special price on our Moonbeam grade the balance of this month. Every Hammock in the house offered at a substantial reduction.
